outside

a community events assistance package

What is Outside?

Outside is a solution for community groups that want to promote themselves through public events and functions.

In a unique partnership, Palmerston North City Council and Access Manawatu can provide a PA, an MC and the technical expertise to ensure your event achieves it's fullest potential.

What does outside cost?

Outside is **free** to all community groups that can display a need for the service, and that may have difficulty paying for a similar package.

Events that contribute to social wellbeing and greater tolerance and understanding in the community are also eligible.

The decision of PNCC and Access Manawatu as to the eligibility of groups for this initiative is final.

For more information email outside@accessmanawatu.co.nz
